Classic Country Land, LLC intends to subdivide the property and sell the property in parcels and desires to protect the property from environmental harm and unpleasant living conditions.

The foregoing reservations and restrictive covenants are to run with title to the Property and shall be binding upon all parties and all persons owning any part of the Property and shall continue in force until January 22, 2056, and shall automatically be extended thereafter for successive periods of ten years, provided however, that the then-owners of two-thirds of the square feet of surface area contained in the Property may vote to change these reservations and restrictive covenants in whole or in part at any time.

If the owner or any person in possession of any part of the Property shall violate any of the reservations and restrictive covenants herein set forth, it shall be lawful for any other person owning any part of the Property to prosecute any proceedings at law or in equity against any person or persons violating any such reservations and restrictive covenants either to prevent the violation thereof, or to recover damages, or both. Invalidation of any of these reservations and restrictive covenants by judgment or court order shall in no wise affect any of the other restrictions and restrictive covenants all of which shall remain in full force and effect.

Single Family Residential and Recreational Use Only: All parcels shall be used for residential and recreational purposes only. Under no circumstances shall any commercial activity be permitted, which includes commercial growing of marijuana. One (1) greenhouse for personal use is allowed, so long as it is not larger than 200 square feet (an 8'x24' greenhouse is 192 square feet for example). All uses shall comply with Kentucky State Building Codes and if applicable, Whitley County Building and Zoning Department regulations and permitted uses.

Dwelling Type: Conventional buildings, portable buildings, and tiny homes are all permitted. A travel trailer, recreational vehicle (RV), portable cabin, or camper unit may be used as a single-family dwelling. No structure of temporary character; tent, tent shack, or lean-to shall be used on any Parcel as a residence. Such structures may be used for recreational purposes only but shall not be allowed to remain on any parcel for more than 21 days per calendar year. There shall be only one single-family dwelling per five (5) acres of land.

Pets and Livestock: Farm animals are permitted with exceptions. They are not allowed to create any nuisance to neighboring landowners and must not contaminate natural streams or springs. No swine shall be raised, bred, or kept in a commercial capacity. A parcel may be used for ranching, including the use of keeping a reasonable number of horses and cattle thereon, provided the parcel has been fenced. Under no circumstances shall a stockyard or any other commercial activity (other than ranching) be permitted. No more than three (3) dogs are permitted. Dogs must be contained to your property.

Waste and Debris: Property must be kept free of any refuse, debris, and/or garbage: including but not limited to household wastes, derelict vehicles, inoperable machinery, old tires, or unused building materials. Derelict vehicles are defined as any vehicle that either does not run and/or is

The use of commercial vehicles and heavy equipment is expressly prohibited, except when necessary for construction purposes. Should any road damage be incurred due to such use, the owners of said vehicles and/or equipment shall be required to repair the road to its original condition. If the owners of said vehicles and/or equipment are not the property owners, then the property owner shall ultimately be financially responsible for any and all damage and shall be required to indemnify and hold harmless all other owners. Delivery vehicles are permitted to use the access roads.

Structure/Fencing Setbacks: Owners must keep all required setbacks and easements clear of any structures, materials, or objects placed, stored, or erected. The designated setbacks are as follows: seventy (70) feet from any access road or recorded road easement and fifty (50) feet from any parcel boundary. Additionally, a twenty (20) foot interior perimeter utility and access easement is reserved along all parcel boundaries. Fences and mailboxes are the sole exemptions to the 70'/50' setbacks; however, they shall not encroach upon or interfere with any road or utility easement.

Additional Subdivision of Parcels: No parcel may be subdivided into more than 2 parcels without the express written consent of the Seller.

Covenant Violations: In the event of a covenant violation, notice shall be provided to the Owner, who shall have fifteen (15) days to remedy the default. Failure to cure the violation within said period will result in the Owner paying Classic Country Land, LLC twenty five (\$25.00) per day until the violation is fully cured.

SECTION II: The foregoing reservations and restrictive covenants are to run with the land until the Contract for Deed has been paid in full and ownership has been conveyed to the purchaser.

Subleasing: You agree not to rent, lease, sublet, loan, or assign any part of this property for the duration of this Contract for Deed.

Pets and Livestock: Farm animals are permitted with exceptions. They are not allowed to create any nuisance to neighboring landowners and must not contaminate natural streams or springs. No swine shall be raised, bred, or kept in a commercial capacity. A parcel may be used for ranching, including the use of keeping a reasonable number of horses and cattle thereon, provided the parcel has been fenced. Should you violate this clause by cutting any tree or trees of stated size without permission, you agree to pay Classic Country Land, LLC not less than \$1,000 per tree cut. The beauty of the property is in the mixture of trees and open space. Trees having a stump diameter of 16" and larger, no lower than 6" from ground level may only be cut if the following conditions are met: a) are dead or dying or b) removal is required to clear land for building sites, access roads, fire prevention, enable installation of utilities, view corridors, or recreational open space. The use of commercial vehicles and heavy equipment is expressly prohibited, except when necessary for construction purposes. Should any road damage be incurred due to such use, the owners of said vehicles and/or equipment shall be required to repair the road to its original condition. If the owners of said vehicles and/or equipment are not the property owners, then the property owner shall ultimately be financially responsible for any and all damage and shall be required to indemnify and hold harmless all other owners.
